

ROCK & ROLL WITH SOUL!

Eclectic and energetic mix of rock/blues/soul from the 50's to the present

The East End Drifters deliver great music for sharing with friends! Joe's a bluesman endowed with a powerful voice, picking prowess, and a harp styling that harkens back to Little Walter, and Pete's fat and greasy guitar lines and solos grab you and carry you off. Together, the Fornieri brother's vocals move the crowd as the band belts out tunes from the 50's to the present. Matt McNulty lays down the foundation with punchy, butt moving bass lines, and locks in with the versatile, dynamic and exciting Mike Morgan on drums, creating a potent toe-thumping groove. You need to experience this unique and spirited mix of Rock & Roll with Soul!
